### RESTRICTION REQUIREMENT

1. An Application and Preliminary Amendment were filed 11/30/01, the latter canceling Claims 1-14\*, and adding Claims 15-32\*.

\*Examiner called attorney M. Huppert on 3/14/03 to confirm the number of claims in the application. The original set of claims numbered 17, while the Prelim Amendment indicated that "Claims 1-14 [were] cancelled". Mr. Huppert confirmed that the Prelim Amendment takes precedence over the original claims, therefore, the claims here will be renumbered from 18-35.

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1. In accordance with 37 CFR 1.499, Applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted as follows:

LD~  
3/14/03  
Group I, **Claims 18-27**, drawn to a rear frame construction for a two-wheeled vehicle.

Group II, **Claims 28-35**, drawn to a front fork assembly for a two-wheeled vehicle.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I features a rear frame construction, while Group II features a front frame (fork) construction. Each frame construction is a separate invention, and is not necessarily inclusive in one inventive entity.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Communication with the Examiner and USPTO
